Interest was centred largely upon the progress of the contest over the American Tobacco reorganization plan, which, in the opinion of some traders, is the pivot of the present situation. News that the parent company had determined to release its hold upon a discontential subsidiary was received with termined the parent company had determined to release its hold upon a discontented subsidiary was received with

of determined opposition to the scheme

Will Be Held by Koiner and Owen on Getober S, [Special to The Times-Dispatch.] Monterey, Va., October 25.—Commissioner Koiner and Director Owen have billed a farmers' institute for ilighland on October 8. This is the second meeting of the kind to be held in this county under State direction, and an effort is being made to get a large 4ttendance of farmers.

The success of all the minor crops and the abundant fall pastures have done much toward atoning for the big shortage in the hey harvest, and when these State officials visit Highland on the 3th they will find the farmer's pulse about normal again.

There are a great many men in this city who give notes for their annual life insurance premiums. These notes are given because the insured are short of funds when payments fall due. There is no occasion for this, because a comparatively small amount can be deposited each week in the

and when the premium is due you will be relieved of the embarrassment and worry by giving the agent of your company your check for the full amount, thereby saving the interest charged by the insurance company. Figure out the amount of your premium and see what you will have to deposit each week to have sufficient funds in the bank to pay your premium in full. Commence this week by opening an account with this strong institution.

This is the secret of Thrift-the ability to translate expenditures into terms of work. When we realize that every dollar we spend is a contract to work a certain length of time FOR SOME ONE ELSE, we shall spend more wisely.

Thrift is commonly regarded as slavery to the material. It is just the contrary. It is the only door to liberty. It buys freedom and leisure. It opens life to travel, study, ability to give-to everything that is highest and best.

This bank has a Savings Department for the use of the Thrifty. Safety is assured.
